# Introduction

THE YEAR of 1947 ended with another trail of glory for the Red, White and Roan. In every show ring and every sale ring the "new look" Shorthorn made the livestock world conscious of their supremacy in every way.

Shorthorns have proven the slogan, "**Best in Every Weight.**" To prove this we look at the years 1945, 1946, and 1947, when the highest honors in the livestock world, that of capturing the steer Grand Championship of the International Livestock Show. No other breed can boast of such a record.

Also in the recent International Livestock Show, Shorthorn car-load lots averaged higher than all other breeds. This is proof that the packers appreciate good Shorthorns.

Now is the time to buy cattle that will improve your herd or to start a new herd. Never before has the packer been so willing to pay so much for poor individuals or more profitable animals. It takes fewer bushels of corn or soy beans now to purchase top cattle than ever before. So **now is the time to improve.**

The North Central Illinois Shorthorn Breeders Association are holding their Tenth Anniversary Show and Sale of Registered Shorthorns at the 4-H Grounds at Ottawa, Illinois, Friday, March 5, 1948. Each year the consignors have been improving the type and quality of the cattle entered in their sale until the Association has now acquired a reputation for reliable, superior producing cattle.

This year's offering consists of 14 top quality bulls. They are an outstanding lot, uniform, deep and blocky. Most of them are ready for service. The females are a well-bred lot consisting of seven cows either with calves at foot or soon to calve. A number of bred heifers safe in calf to outstanding herd bulls, and many young heifers.

It is with pleasure that I invite you to attend this sale. Mark the date, March 5, 1948, and attend the sale of the "**World's Greatest Breed of Cattle**".
